

DEVELOPMENT IMPACT FEE ANNUAL REPORT – FY 2016/17**Vineyard Public Facilities Financing Plan Development Impact Fee Program
Roadway Development Fee****Brief description of the type of fee in the fund:**

The Vineyard Roadway development impact fee was established to finance major roadway facilities identified in the Vineyard Roadway Capital Improvement Program. This fee was originally established as the Elk Grove/West Vineyard Roadway Development fee.

On June 17, 2003, and June 18, 2003, the County of Sacramento Board of Supervisors (Board) and Elk Grove City Council respectively approved the split of the then Elk Grove/West Vineyard Fee Program (EGWV Fee Program) along the County/City jurisdictional boundary effective July 1, 2003.

On October 15, 2003, the Board adopted an ordinance establishing the Vineyard Public Facilities Financing Plan Development Impact Fee Program (Vineyard Fee Program). The Elk Grove/West Vineyard Roadway Development Fee was renamed to the Vineyard Roadway Development Fee as a part of this action. The Vineyard Fee Program updated the County portion of the EGWV Fee Program and implemented the facilities requirements identified in the Vineyard Springs Comprehensive Plan Public Facilities Financing Plan.
